No worries, Royden -- thanks for letting us know.

I'm actually in route still, too. I was supposed to be at the Aloft and was planning to walk, but there was some flooding there yesterday, so they sent me to the Best Western in Concord. It took nearly 20 min to find a taxi/Uber and now traffic is bad!

Sarah

Hi Chris and Sarah

The traffic between my hotel and Lincoln Labs is bad. Been on the road for 10 minutes, and still looks like I will be a few minutes late.

Apologies in Advance,
Royden
