I'm good with 4pm in Jason's office.

Hi Royden and Todd,

If you are both available at 4pm, that would be best, as that is when our workshop is scheduled to conclude for the day. We will be meeting in Jordan Hall addition, so if we could meet in my office (5221), that would be the quickest way to get started. Alternatively, I'll be on my bike and can be pretty much anywhere by 4:15.

If you need to meet earlier in the day, I can step out for a meeting anytime 1:30-4:00 without missing a primary responsibility.

Hi Jason and Todd.

Except for a Tele-meeting from 1-2 EDT, I am flexible all day tomorrow.

I remember a schedule defining issue is Jason's meeting. Do you have a good sense of when and where we could meet tomorrow Jason?

Thanks to both of you on advance,
Royden
