**To:** "Fred Gould (fred\_gould@ncsu.edu)" <fred\_gould@ncsu.edu>, John Godwin <john\_godwin@ncsu.edu>

Hi Fred and John,

Per conversation with Fred regarding Dean Linton not having the document (electronically) yet, here is a template for setting this up. Please scrub by cut and paste and adjust as you see fit.

The paper documents are in Fred's hands right now. Here is draft:

"Dear...

Please find attached an Memorandum of Understanding (MoU) for participating in a non-obligatory international partnership for the development and assessment of novel technology for potential use in the conservation setting. Besides NCSU, two other universities (Texas A&M and Univ. of Adelaide) are involved. The three government agencies include the US Department of Agriculture, Commonwealth Scientific and Industrial Research Organisation (CSIRO) of Australia, and Landcare Research of New Zealand. Island Conservation is the conservation non-profit partner.

As an international Memorandum of Understanding, this has been processed thru the US Department of State. There are 10 copies to sign. Each will signatory will receive a 'wet-ink' copy for their record after all have signed. The cover page explains the process further.

Is there a time we can meet in the next several days to arrange the signing process?

Thanks in Advance,  
..."
