Thanks, Isabel. I am registered as well for Island Conservation and, with Karl (cc'd here), help coordinate GBIRD responses when Royden is unavailable. Todd Kuiken (also cc'd) is part of the GBIRD partnership and can also assist.

I'll be available, but distracted by meetings and a conference over the next two weeks. Royden will be on point for us in July (I'm on PTO July 15-28). I'll be on point for us in August, but will be on holiday from the 2-10, but monitoring and engaging in this as warranted.

Best,

**Heath Packard**

**Subject:** CBD - introductions

Hi Royden

I just wanted to introduce my colleague Ben who will be monitoring the CBD online forum for the next two weeks (I am on leave!). I hope the two of you can be in touch to coordinate the GBIRD contributions to the forum. Please don't hesitate to reach out if Ben can be of help sharing information through this expert group we're emailing.

Ben, Royden helps coordinate GBIRD, a group working on gene drive to control invasive species on islands so very knowledgeable on conservation issues, IUCN, etc. You may recall him as he regularly joins the calls we've had over the past six months.

Hope the next two weeks go well!

Isabelle
