Does "charter" refer to the charter of the ethics committee?

Hi Fred and Karl,

Trying to sort some things out before the flight.

As the charter is not done yet, I would like to put this decision to both of you, and bring in others (steering committee) if needed.

I respect both your opinions. A consensus for this would be great.

:)

Hello Royden,

Thank you for having me be part of the call yesterday. I got a feel for the group and its work that will be helpful for the future.

You and I had talked previously about me attending the meeting in DC in November. Should I plan for that? We are coming up on the time that people will start to fill up my calendar, so I have blocked off Nov 3-5 for now.

Cheers,

Liz

**Subject:** Society for Environmental Journalists

I was going to chime in after Heath but wanted to let you know that I will be on a panel with the Brooke Borel, the author of the Audubon article, and Kevin Esvelt in October at the SEJ conference. This is the annual conference for environmental journalists. I've worked with SEJ before when I was at the Wilson Center.

I'll reach out again when it gets closer to the date so we can hopefully leverage more stories from this group. Here is a link to the event: <http://www.sej.org/sej-annual-conferences/AC2017-agenda-friday>
