Dear Fred,

So sorry to hear of the unexpected passing of your sister. I wish you and the rest of her family well during this time.

No worries about the meetings. We will take care of it from here and brief you when you return. I wish you well on the travels.

With Condolences,  
Royden

Subject: death in family

Dear Royden and John,  
My sister passed away yesterday. Sudden, unexpected, but apparently without pain. I am heading to the funeral Tuesday morning and will be away until Monday. I will miss the GBIRD calls. I got a fact checking call this morning about the Audubon article.
