Hi all,

Just a short note from me thanking Royden for his time here (and for IC and GBIRD to support his time here). His report doesn't do justice to his time here – he has enabled us to have far more and deeper interactions with a wide range of stakeholders that would not have been possible otherwise. We are much further along the path.

Royden has now “gone bush”.

Regards,

Peter.

Subject: Final Report for Visiting Scientist Position at CSIRO

Hello All,

Please find my final trip report as a visiting scientist for CSIRO. I would like to thank Island Conservation, CSIRO, Landcare and Univ of Adelaide for supporting me in supporting the GBIRD partnership. Attached are all the reports associated with my tenure for your review (if you missed them the first time).

Cheers,
Royden
